GENERAL INDEX

FOR your convenience, there appears below a list of the page numbers in the respective issues for 1938. The numbers in the first column indicate the page numbers of the general pages and those in the second column indicate which pages appear in the Proceedings of the American Association of Textile Chemists and Colorists.

The presence of the letter "P" before the page number, anywhere in this index, indicates that the article appeared in the above-mentioned Proceedings.

Date	No.	Pages	Proceedings
January 10*	1	.....	P1 to P30
January 24	2	55 to 58	P31 to P54
February 7	3	59 to 88	P61 to P84
February 21	4	89 to 116	P93 to P108
March 7	5	117 to 140	P123 to P134
March 21	6	141 to 166	P147 to P158
